

## Membership Secretary / Postmaster's Report

ASPRA has 1879 households within its' area. Currently we have 823 paid-up members, a tad down on last year's 830.

We were confident that, given the fresh look to our magazine, changes to pricing and collection, increasing visibility of ASPRA across the area e.g. Jumbletrail, Festive Lighting, Addiscombe Recreation Grounds gardening group, Addiscombe Village Notice Board and general raised awareness of ASPRA around the area 'we' will continue to stabilise and grow our membership.

Postmaster

Just over 650 email addresses mean that messages continue to be sent in batches to keep under the daily limit, but no current issues to report.

I am happy to circulate across ASPRA or to specific roads or groups of roads any relevant emails where appropriate.

A separate Agenda item, but the new General Data Protection Regulations (GDPR) will have an impact on workload in managing the consents from members, your cooperation in achieving and maintaining compliance is appreciated.
