

ASPRA PROJECTS REPORT
RR Meeting – 4th September 2017

Christmas Lights

Thanks to our very successful ASPRA Jumbletrail Organisers for their donation of £138.18 towards the cost of the Christmas Lights this year, which was very gratefully received.

We shall once again try this year to encourage the Addiscombe businesses & traders to share more actively in the Lights with us.

Addiscombe Village Noticeboard

In advance of this Meeting, The Worshipful Mayor of Croydon, Councillor Toni Letts, OBE, will have kindly performed the “Unveiling” ceremony for our Addiscombe Village Noticeboard.

As well as the ASPRA Committee & Members, we have largely to thank our Ashburton Councillor Andrew Rendle for his support for this project, & for his very generous contribution towards the costs from his Ward Fund Budget.

ASPRA’s Dave & Gill Lee notably worked very hard to advance matters, & engineers & personnel from Croydon Council’s Planning, Streets & Highways Teams proved very helpful in getting things underway, & installing the Noticeboard on our behalf.

The designers & makers of the Noticeboard, WDS Signs Ltd., were extremely professional, with excellent service right the way through to delivery, & advice as to aftercare & maintenance as well.

By the time of this Meeting, I should have more detail to give out about the Unveiling Event, when Madam Mayor will have put in place an inaugural notice or announcement.

Thanks to all Members of ASPRA, past & present, for making this project possible & enabling it to come to fruition.

Addiscombe Decorative Planting Scheme

This so far still remains on the “back-burner” pending the formation of the Addiscombe Trade Forum or Association.

Hilary Chelminski
ASPRA Projects Consultant.
