

Membership Secretary / Postmaster's Report

ASPRA has 1879 households within its' area. Currently we have 814 paid-up members, a tad down on last year's 830.

We were confident that, given the fresh look to our magazine and the increasing visibility of ASPRA across the area e.g. Jumbletrail, Festive Lighting, Addiscombe Recreation Grounds gardening group, Addiscombe Village Notice Board and general raised awareness of ASPRA around the area 'we' will continue to stabilise and grow our membership.

Postmaster

Just over 650 email addresses mean that messages continue to be sent in batches to keep under the daily limit, but no real issues to report.

Some success with BT, thanks to a member putting us in touch with relevant people within BT. In conjunction with Bob, our Webmaster, work was done to 'tune' the internet email systems, there are now more emails getting through to BT internet email addresses. Thanks all round.

I am happy to circulate across ASPRA or to specific roads or groups of roads any relevant emails where appropriate.
